

Poster Presentation

What is a Poster Presentation?

The aim of the poster presentation is to provide opportunities for information professionals to highlight and share successful ideas and experiences by presenting a special project, a problem-solving strategy, a research study, a classroom activity aligned to the conference theme.

A poster presentation is a good way to showcase your projects, or get feedback on an idea that has been implemented. The information will be on a poster board that allows viewers to walk by and observe a particular work being presented. All posters will be displayed at 13th ELT Conference on Best Classroom Practices 2018, organized by Gaziantep Foundation College at Tuğcan Hotel, Gaziantep.
